

Highfield *Level 2* End-Point Assessment for Customer Service Practitioner

Government funding band – **£4,000**

On-programme duration – minimum of **12 months**

Gateway requirements – **level 1 English and maths (level 2 should be attempted), gateway self-assessment**

End-point assessment method – **apprentice showcase, practical observation and professional discussion**

Working in customer service

For any organisation to be successful it must be able to meet the expectations of its customers. This is largely done through the effective provision of customer service. Customer service is applicable to all sectors where customer interactions take place and can be applied to commercial businesses, charities and national/local governments. The role of a customer service practitioner is to deliver high quality products and services to customers.

The programme's structure

Apprentices will be placed in a customer service role over a minimum of 12 months during which they will be supported while on-programme by their tutor. Their tutor will review the progress of the apprentice during the 12 months against the standard to ensure they are prepared for the end-point assessment.

Your apprentice's journey

Ready for training

- Initial assessment
- English and maths training
- On-programme training to meet the standards
- Gateway readiness self-assessment

Set for assessment on completion of training and functional skills

End-point assessment methods are:

Apprentice showcase

- Reflect and present examples of their development

Professional discussion

- 1-hour discussion
- Discuss the practical observation, professional development and reflect on their apprenticeship

Practical observation

- 1-hour observation in the working environment
- Covering the presentation, equality, interpersonal skills, communication and personal organisation

Go further

Completion of this apprenticeship will lead to eligibility to join the Institute of Customer Service as an individual member at professional level.
